## Bellaire Neurology Telephone Visit Authorization

In order to assist existing patients who have a far distance to travel, Dr. Loftus does book telephone visits. This is not appropriate for all patients so this option is only offered to patients on a case-by-case basis. The charge for a 15-20 minute phone visit is \$155. Insurance will not cover this cost but you will save on your travel expenses and time.

By signing this form, you agree to that you understand your insurance will not be billed for these phone calls. This authorization is for all future telephone appointments until you cancel the authorization. They will take place at appointment designated times (Dr. Loftus will try to be prompt). Brief email and phone calls are still provided at no charge at this time.
